

R U OK - MENTAL HEALTH AWARENESS IN THE SOUTH WEST

R U OK? This is a question that's being taken seriously at Iluka Resources.

Mental health awareness was taken up a notch in 2016 by the Iluka South West operations team. The team identified a unique opportunity to highlight the importance of talking about mental health within the workplace, homes and communities - to raise awareness, encourage discussion amongst employees and provide tools and referral options.

Last year, Iluka partnered with local Dardanup farmer, Peter Milton and mental health awareness organisation Black Dog Ride. A steer called Winston was sponsored and taken as a mascot to various events, to highlight awareness and raise funds to support mental health organisations such as Lifeline.

Winston was also in attendance at both North Capel and Tutunup South R U OK Day events, where mental health awareness tool box topics were presented by members of Black Dog Ride.

Winston was awarded the Reserve Champion Extra Heavy Weight at this year's Royal Show and was auctioned for an amount in excess of \$7,000. All proceeds will be going to Lifeline.

More information about Iluka's community partnerships can be found at:

The Chamber of Minerals and Energy of Western Australia

The Chamber of Minerals and Energy of Western Australia (CME) has asked its members 'What does industry spend and where?' The data provided by forty-six resources companies for the financial year 2015-2016, shows how industry's spending flows through to every part of Western Australia, by means of wages and salaries, business purchases or community contributions.

From this information we can also see the number of businesses which provide goods and services to the Western Australian resources sector, the number of employees who work in the sector and where those people live within the state.

This fact sheet provides a unique picture of Western Australia's largest export industry, noting this is not modelling, but actual spend.

The contribution of the resources sector to Western Australia is not only an economic one. As demonstrated above, companies are also active members of the community and in the environment.

Additional fact sheets can be accessed from the CME website at: cmewa.com/economic-contribution
